EDUCATION

- 2020 **PhD in Science and Technology Studies (STS)**
York University (Toronto, Canada)
Dissertation: “Maraña: Leishmaniasis and the Pharmaceuticalization of War in Colombia”
- 2019 **Research Fellow in the Program on Science, Technology, and Society**
Harvard University (Cambridge, MA, USA)
- 2014 **MA in Science and Technology Studies (STS)**
York University (Toronto, Canada)
- 2009 **MSc in Biotechnology**
École Supérieure de Biotechnologie de Strasbourg (ESBS) (Strasbourg, France)
- 2006 **BSc in Biology**
Universidad de los Andes (Bogotá, Colombia)
Two semesters at Universität Justus-Liebig (Gießen, Germany)

EXTRA TRAINING

Community-based research

- 2018 Participatory Action Research for Health | CIDEIM (Cali, Colombia)
Organized by the University of New Mexico, AMOS Health & Hope, Universidad ICESI, CIDEIM, and WHO’s Special Program on Tropical Diseases (TDR).
- 2017 Social Innovation in Health | London School of Hygiene and Tropical Medicine (London, UK)
Organized by the Social Innovation in Health Initiative (SIHI) of the WHO’s Special Program on Tropical Diseases (TDR) and the Bertha Centre (University of Cape Town, South Africa).
- 2016 Community-Based Participatory Research for Health: Indigenous and Critical Methodologies | Center for Participatory Research, University of New Mexico (Albuquerque, USA)

Communication

- 2020 Copy Editing (Spanish) | Universidad Javeriana (Bogotá, Colombia)
- 2012 Creative Writing | Universidad Complutense de Madrid (Madrid, Spain)
- 2011 Graduate Diploma in Scientific, Medical and Environmental Communication | Universitat Pompeu Fabra (Barcelona, Spain) and Instituto Leloir (Buenos Aires, Argentina)

PROFESSIONAL EXPERIENCE

Interdisciplinary scholarly work

- 2022 - Hospital Fundación Valle de Lili | Cali, Colombia
Clinical Research Center (CIC)
Qualitative Research Advisor
Consultancy for the development of qualitative research projects.
- 2021 - Universidad de los Andes | Bogotá, Colombia
Interdisciplinary Center for Development Studies (CIDER)
Postdoctoral Researcher
Coordinator and main researcher in the “[Diseased Landscapes](#)” project.
- 2021 - University of Oxford | Oxford, UK
Institute for Science, Innovation and Society (InSIS)
Research Affiliate
Coordinator and main researcher in the “[Diseased Landscapes](#)” project.
- 2020 - 2021 Universidad de los Andes | Bogotá, Colombia
Interdisciplinary Center for Development Studies (CIDER)
Postdoctoral Researcher
Main researcher of the “Decolonizing War Testimony” project.
- 2017 WHO’s Program for Research and Training in Tropical Diseases (TDR)
Social Innovation in Health Initiative
Researcher
Collected, analyzed and reported on qualitative data related to three case studies exploring social innovation in health in Guatemala and Honduras.
- 2016 - 2017 International Center for Medical Research and Training (CIDEIM) | Cali, Colombia
Qualitative Research Advisor
Supported qualitative research and article writing in the “Mobile Health (mHealth) for early diagnosis and effective treatment of cutaneous leishmaniasis” project.

Biomedical research

- 2011 - 2013 International Center for Medical Research and Training (CIDEIM) | Cali, Colombia
Scientific Manager
Led the team that developed various institutional initiatives of the Scientific Director. Wrote grants and obtained financial support from international and Colombian funding agencies. Prepared grant reports. Established collaborative networks. Produced public relations materials. Organized an international symposium involving the academic, public and private sectors, aimed at improving health outcomes in Colombia. Produced a website highlighting CIDEIM’s contributions throughout 50 years of trajectory.
- 2009 German Cancer Research Center (DKFZ) | Heidelberg, Germany
Intern
Researched the pharmacognosy of a natural product isolated from traditional Chinese medicinal plants for the treatment of pancreatic cancer.
- 2008 Novartis Vaccines Institute for Global Health (NVGH) | Siena, Italy
Intern
Participated in the development of a vaccine against *Salmonella typhi* by optimizing the growth conditions for two strains of *Citrobacter freundii*.
- 2007 Pasteur Institute | Paris, France
Intern
Researched protein interactions linked to the immune response triggered by Hepatitis C Virus infection.

Science communication

- 2018 - 2020 Platypus
Contributing Editor
 Curatorial and editorial work for a blog that publishes texts by scholars linked to the Committee for the Anthropology of Science, Technology, and Computing (CASTAC) within the American Anthropological Association (AAA).
- 2010 - 2011 Maloka Science Center | Bogotá, Colombia
Researcher for exhibit content
 Produced contents for interactive exhibitions on neuroscience, paleontology, climate change, food sovereignty, and indigenous medicine. Assisted the design and display of exhibitions.
- 2009 - 2010 Deutsches Museum | Munich, Germany
Intern
 Developed exhibitions on biotechnology, nanotechnology, and 19th-century pharmaceuticals.

Publications in press, under review, and in process

- Book chapter in press: **Pinto-García, L.** “Leishmaniasis.” In *Belicopedia*, edited by Daniel Ruiz Serna and Diana Ojeda. Bogotá: Universidad de los Andes.
- Book under review: **Pinto-García, L.** *Maraña: Leishmaniasis and the Pharmaceuticalization of War in Colombia*. Chicago: University of Chicago Press.
- Article in preparation: **Pinto-García, L.**, and Tatiana Sánchez-Parra. “Pharmacological Treatment of Leishmaniasis in Colombian Soldiers: Less Obvious Forms of Reproductive Violence Affecting Men in a Context of Ongoing Violence.”
- Policy paper in preparation: **Pinto-García, L.**, Javier Lezaun, and Diana Ojeda. “Resolviendo Dos Problemas de Salud Rural a La Vez: El Abordaje Sindémico de La Malaria y La Leishmaniasis Cutánea En El Posconflicto Colombiano.” Bogotá: CIDER.

GRANTS, SCHOLARSHIPS AND AWARDS

- 2021 and 2022 Impact Funds from King’s College London (UK) to develop a museum exhibition in the scope of the *Diseased Landscapes* project.
- 2021 Honorable Mention in the Society for Medical Anthropology Dissertation Award competition.
- 2021 Travel grant for LASA, the Congress of the Latin American Studies Association
- 2021-2023 Research grant from the British Academy’s Humanities and Social Sciences Tackling Global Challenges Programme (UK), in collaboration with Javier Lezaun (Oxford University), Diana Ojeda (Universidad de los Andes) and Ann Kelly (King’s College London), to develop the *Diseased Landscapes* project
- 2020 Winner of the 2020 Ann Johnson Institute for Science, Technology & Society Book Manuscript Workshop (University of South Carolina), with the participation of Ann Kelly, Ken MacLeish, and Omar Dewachi
- 2020-2021 Grant to establish collaborations with academics within the EcoSocieties Interdisciplinary Research Cluster at the University of Nottingham (UK)
- 2019 Travel grant for the Society for Social Studies of Science (4S) Annual Meeting (USA)
- 2018 – 2019 Provost Dissertation Scholarship at York University (Toronto, Canada)
- 2018 Graduate Development Fund from York University (Toronto, Canada)
- 2017 Fieldwork Cost Fund from York University (Toronto, Canada)
- 2017 Manulife Graduate Scholarship (Canada)
- 2015 – 2018 Scholarship from the Colombian Government for Doctoral Studies Abroad
- 2014 York Graduate Scholarship at York University (Toronto, Canada)

- 2011 First place winner of the Medical Biotechnology Journalism Contest, organized by Roche Pharmaceuticals and the Biotechnology Institute of the National University of Colombia.
- 2011 Scholarship from Universitat Pompeu Fabra (Barcelona, Spain)
- 2007 – 2009 Konrad Adenauer Foundation Scholarship (Germany)
- 2006 Best score in the state exam (ECAES) for biology graduates from Universidad de los Andes and second best score nationally in Colombia.
- 2004 – 2005 Scholarship from Universität Justus-Liebig (Gießen, Germany)

INVITED TALKS

- 2021 “Building Science for Peace: Interdisciplinary Experiences from Colombia” (June 1). Event supported by the Centre for Latin American Studies at UC Berkeley, the Colombian Evolutionary Biology Association, the Gothenburg Global Biodiversity Centre, the Swedish International Agriculture Network, and the Forest, Climate and Livelihoods Research Network.
- 2021 “Entomological Legacies in (Post-)Conflict Colombia” (February 15). [Political Entomologies](#) seminar series, organized by the University of Cambridge (UK) and the Freie Universität Berlin (Germany).
- 2020 “The “Pharmaceuticalization of War: Legal and Extralegal Circuits of Antileishmanial Drugs in Colombia” (December 14). [3rd National Colloquium of Social Studies of Science and Technology](#) at Universidad Nacional (Bogotá, Colombia).
- 2020 “Back to Duty rather than Back to Health: Leishmaniasis within the Colombian Army” (September 25). [Friday Talks](#) of the Social and Economic Sciences Faculty at Universidad del Valle (Cali, Colombia).
- 2019 “Back to Duty rather than Back to Health: Leishmaniasis and the Colombian Army” (November 15). Seminar of the History of Medicine Working Group at Harvard University (Cambridge, USA).
- 2018 “Disentangling War and Disease in Post-Conflict Colombia beyond Technoscientific Peacemaking” (November 7). Seminar of the Group of Social Studies of Illegality (GESI) at Universidad Nacional (Bogotá, Colombia).
- 2018 “Disentangling War and Disease in Post-Conflict Colombia beyond Technoscientific Peacemaking” (May 30). Seminar of the research group on social studies of sciences, technologies and professions ([GESCTP](#)) at Universidad del Rosario (Bogotá, Colombia).
- 2017 “[Dangerous Relationships?](#)” (August 29). An interdisciplinary dialogue on vector-borne diseases between the fields of science and technology studies (STS) and public health at Universidad Icesi (Cali, Colombia).

TEACHING

- 2022 - Universidad Icesi | Cali, Colombia
Modules on qualitative research, differential and intercultural approaches to health, and medical communication in a public health course for undergraduate medical students.
- 2022 - Fundación Valle de Lili | Cali, Colombia
Teacher of a seminar on qualitative research in clinical settings for medical and nursing staff of this high-complexity clinic.
- 2015 - 2016 York University | Toronto, Canada
Teaching Assistant for the undergraduate course “Technology and Civilization,” taught by Professor Vera Pavri.

Guest lecturer

- 2022 Research seminar of the Science and Technology Studies (STS) Master's program at Universidad Nacional de Colombia (May 20 | Bogotá, Colombia)
- 2021 "Insects and Global Studies" course, taught by Tanya Richardson at Wilfrid Laurier University's (October 4 | Waterloo, Canada)
- 2021 "Conflict and Peace in Colombia" course, taught by Tatiana Sánchez at the Universidad Javeriana (April 9 | Bogotá, Colombia)
- 2021 "Humans and Nonhumans in War" course, taught by Daniel Ruiz-Serna at Concordia University (April 6 | Montreal, Canada)
- 2021 "Community-based health research" course, taught by Denielle Elliott at York University (April 1 | Toronto, Canada)
- 2021 Invited speaker at a discussion entitled *Knowledge about peace and knowledge for peace*, held as part of the course "Knowledge Management and Governance for Peace Building," organized by the CAPAZ Institute and the Universidad Externado de Colombia (March 4 | Bogotá, Colombia).
- 2021 "Graduate Research Laboratory" course, taught by Diego Nieto at Universidad Javeriana (January 30 | Cali, Colombia)
- 2020 "Conflict and Peace in Colombia" course, taught by Tatiana Sánchez at the Universidad Javeriana (October 16 | Bogotá, Colombia)

Student advising

- 2020 – 2021 Co-advisor of the research internship of Karen Andrea Navarrete Guzmán, student of the Master's in Peacebuilding at Universidad de los Andes (Bogotá, Colombia).

Thesis jury member

- 2022 Thesis jury of María Camila Núñez Gómez, student of the Master's in Social Studies of Science and Technology at Universidad Nacional (Bogotá, Colombia).

ACADEMIC EVENTS AND PROFESSIONAL SERVICE

Academic event organization

- 2021 Diseased Landscapes Workshop (September 10)
Event that brought together a group of 11 scholars from the Global North and South to discuss leishmaniasis, coca, conflict/peace, migration, and environmental and human health, in light of the *Diseased Landscapes* project.
- 2021 A [Conversation](#) between Latin American Networks of Social Studies of Science and Technology: Insights for the Creation of the Colombian Network (February 26).
- 2020 Manuscript production and publication workshop (October 14)
Workshop aimed at weakening the barriers that structure the academy and turn the publication of knowledge into an inequitable activity (Universidad de los Andes, Bogotá, Colombia).
- 2017 [When Research Turns into an Imaginative Activity: Symposium on Non-Traditional and Experimental Methodologies in Social Research](#) (October 27) (Universidad Javeriana, Bogotá, Colombia).
- 2016 [Exploring Ethnography](#) (April 26-27)
Workshop covering both theoretical and practical aspects related to ethnographical work in Science and Technology Studies (STS) (York University, Toronto, Canada).
- 2016 Graduate Conference [Decolonizing the Americas – Methods of Resistance](#) (March 11-13) (York University, Toronto, Canada).
- 2015 [Evidence in War Zones](#) (September 27)

- Event organized as part of the [Technoscience Salon 2014-2015](#) (York University and University of Toronto, Toronto, Canada), problematizing the production and use of (scientific) evidence in the Colombian armed conflict context.
- 2012 Conference: Colombia on the Frontier of Biomedicine (February 27-28) (CIDEIM, Cali, Colombia). International multi-sectorial symposium aimed at improving health outcomes in Colombia.

Panel organization within conferences

- 2022 Conference: [WorldLeish7](#), major international conference on leishmaniasis (August 1-6 | Cartagena, Colombia)
 Panel title: What can social sciences contribute to understanding and addressing leishmaniasis?: Examples from the field
 Paper: “Back to duty rather than back to health: Leishmaniasis and the Colombian Army.”
- 2021 Conference: Annual conference of the Society for Social Studies of Science (4S) (October 6-9 | Toronto, Canada).
 Panel title: Diseased Landscapes: Health and Illness in Territories of Extraction
- 2021 Conference: Annual conference of the Latin American Studies Association (LASA) (May 26-29 | virtual conference)
 Panel title: War, violence and the environment: Human and non-human assemblages.
 Paper: “Colombian leishmaniasis: A therapeutic experience marked by war and militarization”
- 2020 Conference: Annual conference of the Society for Social Studies of Science (4S) (August 18-21 | Prague, Czech Republic).
 Panel title: Discursive Traps in Global Health: Neglect, Poverty, and Emergence.
 Paper: “Pacified Accounts of Science: The Neglect of War in Colombian leishmaniasis’ Problem Framing.”
- 2019 Conference: Annual conference of the Society for Social Studies of Science (4S) (September 4-7 | New Orleans, USA).
 Panel title: Interrupting the Care/Violence Nexus in Times of War and Peace.
 Paper: “Back to duty rather than back to health: Leishmaniasis and the Colombian Army.”
- 2019 Conference: [XVII Anthropology congress in Colombia](#) (June 11-14 | Cali, Colombia)
 Symposium title: Decentering the human being in the understanding of the armed conflict and the construction of peace in Colombia.
 Paper: “War beyond the human and the humane: Army dogs affected by leishmaniasis.”
 Roundtable title: Creative, Experimental and Imaginative Ethnography.
 Paper: “Weaponized flies.”
 Roundtable title: Is the extension of rights to non-humans the best way to protect their interests?: Achievements and difficulties of legal struggles in the defense of the environment.

Presentation as panel member

- 2022 Conference: [WorldLeish7](#), major international conference on leishmaniasis (August 1-6 | Cartagena, Colombia)
 Paper: “Telling the Story of Leishmaniasis and War in Colombia: A Book, an Exhibit, and a Policy Brief”
- 2021 Conference: [CALACS](#), Annual Conference of the Canadian Association for Latin American and Caribbean Studies (August 23-25 | virtual event).
 Paper: “Colombian leishmaniasis: A therapeutic experience marked by war and militarization.”
- 2021 Conference: [VI International Symposium](#) - Network of Historians and Historians of Crime in the Americas (REDHHA) (June 27-29 | virtual event).

- Paper: “Recycling bodies for war: Leishmaniasis and military medicine in the Colombian Army.”
- 2018 Conference: Annual conference of the American Anthropological Association (AAA) (November 15 | San Jose, California, USA).
Paper: “Disentangling War and Disease in Post-Conflict Colombia beyond Technoscientific Peacemaking.”
- 2018 Conference: Annual conference of the Society for Social Studies of Science (4S) (August 29 – September 1 | Sydney, Australia).
Paper: “Leishmaniasis Patients and *Guaral* Sufferers: Dividing Health through Biomedical Research.”
- 2017 Conference: [2nd National Colloquium of Social Studies of Science and Technology: Make Peace in a Post-Truth World](#) (September 21-23 | Universidad Nacional de Colombia, Bogotá, Colombia).
Paper: “Health and Biomedicine in Times of War: Leishmaniasis and the Colombian Armed Conflict.”
- 2015 Conference: Annual conference of the Society for Social Studies of Science (4S) (November 11-14 | Denver, USA).
Paper: “The Exclusionary Notion of Therapeutic Citizenship: Control of Cutaneous Leishmaniasis’ Treatment in the Colombian War.”
- 2013 Conference: Localities: Science and Technology in Places, Spaces and Time (May 3-4 | York University, Toronto, Canada).
Paper: “Unexpected Evidence: Relevance, Places, Actors and Forms of Scientific Literacy.”

Participation in other academic events

- 2021 Event: Social Medicine Writing and Publishing Workshop (May 10 | King’s College London, UK)
Paper: Canine Binomials: Military Borderlands and the Biopolitical Valuation of Human and Nonhuman Life in (Post-)Conflict Colombia
- 2018 Event: [Anthropocene Campus](#) (September 3-6 | Deakin University, Melbourne, Australia).
- 2018 Event: Ethnographic Transdisciplinary Engagements Roundtable & Webinar (May 17-18 | Science & Justice Research Center and Feminist Studies Department, University of California, Santa Cruz, USA).
Paper: “Leishmaniasis Patients and *Guaral* Sufferers: Dividing Health through Biomedical Research.”
- 2017 Workshop: Multi-sectoral Integration in Health Research (October 30-31 | CIDEIM, TDR/WHO, Icesi University, Cali, Colombia).
- 2017 Colloquium: Feminist Perspectives on Science and Technology (September 27-29 | Universidad de los Andes, Bogotá, Colombia).
Paper: “Health and Biomedicine in Times of War: Leishmaniasis and the Colombian Armed Conflict.”
- 2017 Event: [5th Doctoral School of Political and Social Studies of Science and Technology](#), organized by the Latin American Association of Social Studies of Science and Technology – ESOCITE (September 18-20 | Universidad Nacional de Colombia, Bogotá, Colombia).

SERVICE TO PROFESSION

Article peer review

- 2022 One manuscript submitted to *Engaging Science, Technology and Society*
One manuscript submitted to *Science, Technology & Human Values*
